ELIGIBILITY

Any beef cattle feeder is eligible to participate in this event. A minimum live weight of 975 pounds is required and for the carcass contest 575 pounds chilled weight. Judges will generally prefer carcasses grading USDA choice or better to place.

Entries are limited to not over two head per exhibitor.
Entry fee: \$30.00 per head. Entries taken day of show only.

JUDGING

Steers will be judged on the basis of true market value for cattle fed for the mass retail market. Cattle thus judged are rated as to their true market value at the time of the show. Judges for both divisions will correlate their procedures so that all entries will be evaluated in each judging on the basis of being fed and purchased for this mass retail market.

NOTICE TO ALL EXHIBITORS

All exhibitors must sign a statement that any drugs that may have been used in the feeding program have been withdrawn from the ration for that period required by government regulations. Cattle with horns longer than 3" will not be accepted for registration. Unruly animals will not be allowed to participate in the live judging.

NEW RULE

Tyson Food requires all exhibitors to be Beef Quality Assurance Certified. Tyson Food is not processing any dairy beef or dairy influenced beef at this time, therefore that type of cattle can't be exhibited.

Any questions, call Mark Rock - 320-0781.
